PROFESSIONAL SUMMARY

BCA student at GNA University with practical experience in frontend development, React applications, database fundamentals, and Python-based data analysis and machine learning. Seeking internship opportunities to apply technical skills, contribute to real projects, and continue developing as a Web Developer or Data Analyst.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React, JSX, React Hooks, React Router, Flexbox, CSS Grid

Backend: Node.js, Express.js, MongoDB, Mongoose

Data & Machine Learning: Python, NumPy, Pandas, Matplotlib, Seaborn, scikit-learn, EDA, data preprocessing, classification, clustering

Database & Tools: SQL, Git, GitHub, VS Code, Vercel

PROJECTS

E-commerce Website | React / MERN Stack

- Developed a storefront interface with product navigation, category sections, product cards, and cart-focused UI.
- Practiced reusable React components, state management, responsive styling, and asset organization.

Personal Portfolio Website | React / HTML / CSS / JavaScript

- Created a personal portfolio concept to showcase skills, projects, and professional links.
- Worked on responsive layout, visual hierarchy, and animated skill presentation.

Machine Learning & Data Analysis Practice | Python

- Practiced data cleaning, exploratory analysis, and visualization using datasets including Iris, Titanic, and Mall Customers.
- Explored Logistic Regression, KNN, Decision Trees, SVM, DBSCAN, and Agglomerative Clustering.

EDUCATION

Bachelor of Computer Applications (BCA) | GNA University, Punjab

2024–2027 (Expected)

TRAINING

45-Day Summer Training — MERN Stack Development | Tech Cadd, Phagwara

- Training in full-stack web development using MongoDB, Express.js, React, and Node.js.
- E-commerce website project.
